

The 14th International Conference on Intelligent Information Hiding and Multimedia Signal Processing (IIH-MSP 2018)

November 26-28, 2018, Sendai, Japan

CALL FOR PAPERS

SPECIAL SESSION: **Health Informatics and Intelligent Data Hiding**

This special session combines advanced research themes in health informatics (or by the term of healthcare engineering) and intelligent data hiding. The special session provides an international forum for researchers and specialists from the fields of health informatics and intelligent data hiding. Other related topics such as biometric steganography (or watermarking), cyber (or IoT) security, etc. are welcome to be shared in this session.

Full Paper Due Date: **June 31, 2018**

Acceptance Notification: **July 31, 2018**

Camera-ready Paper Deadline: **August 15, 2018**

SUBMISSION OF PAPERS

Papers are invited from prospective authors with interests in this special session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from applied related fields in industry and commerce are very welcome. Details of the required paper format are available at the IIH-MSP 2018 website (<https://iihmsp2018.github.io/dates.html>). For further information, please contact
