CALL FOR PAPERS

INVITED SESSION: **Advances in Machine Learning Technology for Industrial Applications**

Due to the rapid development of hardware devices, the performance of machine learning has significant improved. The introduction of deep learning into traditional industrial applications may effectively reduce manpower requirements and greatly improve production efficiency. This invited session addresses emerging researches in application of machine learning for industrial applications. Other related topics such as image processing, computer vision, and multimedia are welcome to be shared in this session.

Full Paper Due Date: June 30, 2018

Notification: July 31, 2018

Camera-ready Paper Deadline: August 15, 2018

SUBMISSION OF PAPERS

Papers are invited from prospective authors with interests in this particular invited session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from application-oriented fields in industry and commerce are also welcome.

IIH-MSP-2018 conference proceedings will be published in the book series entitled "Smart Innovation, Systems and Technologies", which is on the EI index list, by Springer. Normally, papers published in this book series will be indexed by EI when the paper quality fits the requirement and the publishing procedures (including the oral presentation) are completed.

The paper length is 6-8 pages for the regular paper. Each paper is allowed to have maximum 2 extra pages with raising USD 100 registration fee per extra page. All papers must be submitted electronically in PDF format only. Details of the required paper format are available at the official IIH-MSP 2018 website (https://iihmsp2018.github.io).
